

October 2008 GRADUATES METRO GEORGIA STUDENT LOAN EXIT COUNSELING SESSIONS

Exit Loan Counseling for *Georgia* students scheduled to graduate in October 2008 will be conducted during group sessions beginning October 2008. You will find the dates, times, and room numbers listed below. You may attend the session that meets your schedule demands.

Exit Counseling for student loan borrowers is required by Federal law and is an important step toward graduation clearance. Because Exit Counseling takes approximately one (1) hour, it is important that you attend one of the scheduled sessions. Failure to attend Exit Counseling will prevent your completion of the Student Finance clearance process.

Please come prepared to provide complete names, addresses, and phone numbers of three (3) references. Only those students who have received student loans are required to attend. The schedule is as follows:
