Internships: Frequently Asked Questions

FOR EMPLOYERS:

1. What does the DeVry University Internship Program consist of?

   - DeVry University undergraduate and graduate internship courses are part of an education-related field experience with a local business or community organization.
   - The undergraduate internship course requires 10 to 12 hours on site with a business each week and the graduate internship course requires 15 to 20 hours on site each week.
   - The undergraduate course is completed over the course of two 8 week terms (16 weeks) and the graduate the course is completed over the course of one 8 week term.
   - Students gain valuable insight through self-reflection, assessment, and host-business analysis that will allow them to contribute their knowledge and skills in a business project or process.
   - DeVry University, the business, and community organizations providing the internships, as well as the internship students will become partners to ensure that the experiential learning is a challenging, well managed, and measured for successful completion.

2. I have an opportunity I would like to share. Who do I contact?

   Please visit our website at http://www.atl.devry.edu/internships.html for contact information and instructions under the section entitled ‘For Employers.’

3. What is required to host an internship for credit?

   Both the student and employer will be in regular contact with the Academic Internship Coordinator. Since academic credit is involved, these contacts are to ensure quality, and ongoing development.
4. Who manages DeVry’s Internship Program?
